ELEVENTH YEAR.

JOHNSON CITY, TENNESSEE, THURSDAY, JUNE 21, 1894.

WHOLE NO. 521.

16 Boils at Once

Hood's Sarsaparilla Purifies the Blood and Restores Health.

Mr. F. W. Stovall, Wilmet, S. Dak.

"C. I. Hood & Co., Lowell, Mass.
"About four years ago my wife was troubled with salt rheum. Although we tried nearly everything it got worse instead of better and spread over both of her hands so that she could hardly use them. Finally she commenced to use Hood's Sarsaparilla and when she had taken two bottles her hands were entirely healed and she has not since been troubled. In December, 1892, my neck was covered with boils of a Scrofulous Nature.

There were sixteen of them at once and as soon as they healed other ones would break out. My neck finally became covered with ridges and I then commenced taking Hood's Sarsaparilla, and after taking four bottles the boils had all healed and the scars have disappeared. I recommended Hood's Sarsaparilla to all suffering from any disease of the blood." F. W. Stovall, Wilmet, South Dakota.

Hood's Pills act easily, yet promptly and efficiently on the liver and bowels. 25c.

LITERARY NOTES.

The True Cause of Stagnation in Business.

And all this stagnation in business can be traced directly to this atrociously destructive and insidious drink-traffic. It can be seen in the fact that it robs the people by exhausting their financial resources to the enormous extent of one thousand millions of dollars annually, with another thousand millions required to take care of its awful consequences, making, altogether, a drain on the resources of the labor of the country of two thousand millions annually,—a tax of more than eight times the income from the tariff, and amounting to five times the cost of running the whole government, being an average yearly tax of over one hundred and sixty dollars, or three dollars per week, on every family in the United States! The enormous tax on six of the largest governments of Europe required to support their armies amounts altogether to five hundred million dollars, and is truly a tremendous burden on the resources of the people; yet this stupendous tax on the industries of six governments of Europe is only one fourth of the amount spent for the liquor traffic in the United States! This terrible waste can also be seen in the fact that the annual consumption of beer, alone, in this country, has increased from two million barrels to thirty-five million barrels within a few years, while the population has only doubled. Public works and criminal arrests have also increased nearly five-fold, and all this loss of hard-earned capital, which is worse than wasted, amounts annually to more than the complete destruction of several large cities over-run and entirely swept away by fire and pestilence.—From "Hard Times and Our National Peril," Demore's Magazine for July.

THE MASONRY MUST GO

Boston Citizen.

The Pope and his followers in this country are taking Freemasonry to heart very seriously at the present time. A writer in the Catholic says: In a letter written very recently, on his return from Rome, Monsignor Velleau, Bishop of Quimper, gave an account of his interviews with His Holiness Leo XIII, and in a passage of that communication, he thus explained his conclusions:—
"The most important question that now engages the attention of the Sovereign Pontiff is Freemasonry. Frequently he repeated to me in the most emphatic tone: 'That is the enemy.' 'Freemasonry,' says one of the official journals of the Vatican, 'is satanic in all its relations—in its origin, in its organization, in its action, in its end; in the means it uses, in its code and in its government. It is satanic, and is making common cause with Judaism. Freemasonry is, in fact the principle force, the indispensable means employed by Judaism to banish the kingdom of Jesus Christ from the earth and to substitute the kingdom of Satan.'

SATOLLI CRITICISED.

Episcopal Rector's Opinion of Romanism in America.

New York, June 17.—The Rev. Joseph R. Ryland, rector of St. Mark's Episcopal church, preached today on "An Opening for Romanism in America." The sermon was, in the main, a vehicle for Dr. Ryland's criticisms of a report published on June 9 of an interview with Mgr. Satolli. In the interview Mgr. Satolli said he believed that America is the country of all others in which Catholic faith may have the largest field of action and the greatest hope for the progress of Romanism.

WILLIAM WALTER PHELPS.

The Ex-Minister Dies at His New Jersey Home of a Complicated Disease.

New York, June 18.—Ex-Minister William Walter Phelps died shortly before 2 o'clock yesterday morning at his home, at Tea Neck, N. J. He has been ill for a long time past, and quite recently went South in hope that his condition would be improved. He derived but little benefit from his Southern trip, however, and but a short time ago was so prostrated that his physicians ordered absolute quiet and rest.
